Leaving Miami for Ft Lauderdale, I decide to stop at one of those rest areas on the side of the road. I go into the bathroom. The first stall is taken, so I go into the second stall. I had just sat down when I hear a voice from the other stall..... "Hi there, how is it going?" Okay, I am not the type to strike up conversations with strangers in wash-rooms on the side of the road. I didn't know what to say, so finally I say: "Not bad....." Then the voice says: "So, what are you doing?" I am starting to find this a bit weird, but I say: "Well, I'm going to Ft Lauderdale....." Then I hear the person, all flustered, say: "Look, I'll call you back. Every time I ask you a question, this idiot in the next stall keeps answering me!!!"
